

FIREARM FUNDAMENTALS - Profit Referral Program

We want you to make money!

Our Referral Program can help you make money *WITHOUT CARRYING ANY INVENTORY!*

Our program gives you a national commission on every book sold from your referral!

If you're a Dealer, Instructor's Trainer, Manufacturer or Industry Rep —

This program is for you! Now you can earn a hefty commission without an inventory!

You'll receive a commission for every book sold from your referral! — And that adds up!

For example, if you referred our book to an instructor, and the instructor sells books to their students, not only does the instructor make an expanded profit, you make a commission as well for the books they sold.

The Book

FIREARM FUNDAMENTALS book is a well illustrated, easy-to-read reference and training compendium **used by instructors and shooters throughout the U.S..**

There are currently six editions, each having the same primary content. The differences are the State specific Concealed Carry gun laws for that particular edition.

FLORIDA - TEXAS - UTAH - WASHINGTON (State) - WISCONSIN - U.S.

The general "U.S." Edition provides references to all 50 State, but does not go in-depth about the particular gun laws for all states.

How Much Commission?

Every day firearms instructors and their students are reaping the benefits of our book, and these are the folks who can provide you a high, continuous, dynamic financial return.

You'll earn a \$1 for every book an instructor orders for their students. Now a dollar may not sound like much, but the return value is exponential. At the end of the year, you could realize a four or even a five digit income.

*For example: Let's say you refer 10 participating instructors a month (just a few a week) and each of those instructors has just four students a week who purchase our reference and training book (say 16 a month). Just those modest numbers can **earn you over \$12,400 your first year!** — And every year after, your earnings will exponentially compound!*
